

English speaking bloggers

Let's be honest—every day we spend a significant amount of time on our phones. Some people do it for work, while others just for fun. How many times do you find yourself in a situation where you automatically open Instagram or YouTube on your phone even though you've just closed it?

Social networks take a lot of our time and energy. So why not make use of that time?

Even the laziest of us have come across educational resources online. But those who really want to learn a new language can use this opportunity to create a language-rich environment for themselves.

Take a look at the list of bloggers we made for you. Maybe you will enjoy their content and start following English-speaking influencers!
